

Applicant: Daniel J. Pusiol
Application No.: Not Yet Known

REMARKS

Claims 1-94 are currently pending in this application, as amended. By this Preliminary amendment, claims 16, 27, 30, 34, 37, 39, 56, 65, 70, 87 and 90-91 have been amended in order to eliminate the improper multiple dependencies and to correct minor typographical errors. A specification correction to conform with the drawing numbers is also made. No new matter has been introduced into the application by these amendments.

A Substitute Specification incorporating these changes is attached. The Substitute Specification also includes the preferred paragraph numbering and the headings in accordance with U.S. practice. No new matter has been introduced into the application by the Substitute Specification.

Prompt examination of the application is respectfully requested.

Respectfully submitted,

Daniel J. Pusiol
